A-2 52.6307	EXECUTIVE SUMMARY	AUG/1996
1. <u>Description of the Item(s)/Service(s) being Procured:</u> The focus of the Integrated Battlespace-Combat Situational Awareness System (IB-CSAS) is to prevent fratricide in soldier-to-soldier, soldier-to-ground platforms and centers, platform-to-soldier, soldier-to-aerial platforms and aerial platforms-to-soldiers engagements by enabling friendly forces (dismounted soldiers, ground vehicles, air vehicles, and stationary emplacements) to locate and identify each other, and determine whether these forces would be harmed or in the potential trajectory path/impact region of a given weapon system for visible and occluded targeting, to include military operations in urban terrain (MOUT) environments. This statement of work (SOW) defines the Contractor's engineering efforts required to assess, develop and demonstrate technology areas that have the potential for further development into an integrated combat identification and situational awareness technology suite, which would be suitable for employment in the Land Warrior (LW) system when the technology reaches (demonstrates) an appropriate level of maturity.		
Initially, the Contractor shall analyze the current state (i.e., effectiveness, maturity, scalability, cost) of the IB-CSAS technology areas and suggest a path forward for insertion into the LW spiral development cycle, keeping in mine the LW key performance parameters such as size, weight, and power. The ultimate goal is to provide combat identification capabilities or other system performance improvement to LW with minimal developmental risk, and with reduced size, weight and power, all at an affordable price. The Contractor's analysis shall incorporate the efforts and lessons learned from the FY2003 effort, which was placed as a subcontract under the Land Warrior-Stryker Interoperable Contract DAAB07-03-C-N001, and recommend to the Government a suitable technology development path. The Contractor shall not duplicate work performed under the FY2003 effort, as this SOW is intended to be a continuation of the FY2003 effort.		

Following the Government's review and approval of the Contractor's analysis and recommendation, the Contractor will be authorized to develop the IB-CSAS technologies (as selected by the Government) into hardware, software and firmware, integrate these into a LW system and demonstrate this as an integrated LW solution. The Contractor shall develop a modular hardware/software solution that is consistent with the LW architecture, and that allows for growth to other programs, to include NATO and coalition forces, and authorized non-combatant organizations. Open architecture standards shall be utilized and be compatible with LW hardware and software. Additionally, interoperability with PEO STRI's One-Tactical Engagement Simulation System (OneTESS) training program shall be a fundamental integration and implementation objective when the technology suite is integrated into the LW platform.

IF6852	52.204-7	Central Contractor Registration Alternate 1.	

As prescribed in 4.1104, use the following clause:

Central Contractor Registration (Oct 2003)

(a) Definitions. As used in this clause--

Central Contractor Registration (CCR) database means the primary Government repository for Contractor information required for the conduct of business with the Government.

Data Universal Numbering System (DUNS) number means the 9-digit number assigned by Dun and Bradstreet, Inc. (D&B) to identify unique business entities.

Data Universal Numbering System +4 (DUNS+4) number means the DUNS number assigned by D&B plus a 4-character suffix that may be assigned by a business concern. (D&B has no affiliation with this 4-character suffix.) This 4-character suffix may be assigned at the discretion of the business concern to establish additional CCR records for identifying alternative Electronic Funds Transfer (EFT) accounts (see the FAR at Subpart 32.11) for the same parent concern.

Registered in the CCR database means that--

(1) The Contractor has entered all mandatory information, including the DUNS number or the DUNS+4 number, into the CCR database; and
(2) The Government has validated all mandatory data fields and has marked the record ``Active''.

(b)(1) The Contractor shall be registered in the CCR database by ----- [Contracting Officer shall insert a date no later than December 31, 2003]. The Contractor shall maintain registration during performance and through final payment of this contract.

(2) The Contractor shall enter, in the block with its name and address on the cover page of the SF 30, Amendment of solicitation/Modification of Contract, the annotation ``DUNS'' or ``DUNS +4'' followed by the DUNS or DUNS +4 number that identifies the Contractor's name and address exactly as stated in this contract. The DUNS number will be used by the Contracting Officer to verify that the Contractor is registered in the CCR database.

(c) If the offeror does not have a DUNS number, it should contact Dun and Bradstreet directly to obtain one.

(1) An offeror may obtain a DUNS number--

(i) If located within the United States, by calling Dun and Bradstreet at 1-866-705-5711 or via the Internet at <http://www.dnb.com>; or
(ii) If located outside the United States, by contacting the local Dun and Bradstreet office.

(2) The offeror should be prepared to provide the following information:

(i) Company legal business.

(ii) Tradestyle, doing business, or other name by which your entity is commonly recognized.

(iii) Company Physical Street Address, City, State, and Zip Code.

Name of Offeror or Contractor:

(iv) Company Mailing Address, City, State and Zip Code (if separate from physical).

(v) Company Telephone Number.

(vi) Date the company was started.

(vii) Number of employees at your location.

(viii) Chief executive officer/key manager.

(ix) Line of business (industry).

(x) Company Headquarters name and address (reporting relationship within your entity).

(d) If the Offeror does not become registered in the CCR database in the time prescribed by the Contracting Officer, the Contracting Officer will proceed to award to the next otherwise successful registered Offeror.

(e) Processing time, which normally takes 48 hours, should be taken into consideration when registering. Offerors who are not registered should consider applying for registration immediately upon receipt of this solicitation.

(f) The Contractor is responsible for the accuracy and completeness of the data within the CCR database, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the CCR database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the CCR database to ensure it is current, accurate and complete. Updating information in the CCR does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(g)(1)(i) If a Contractor has legally changed its business name, ``doing business as'' name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in Subpart 42.12, the Contractor shall provide the responsible Contracting Officer a minimum of one business day's written notification of its intention to (A) change the name in the CCR database; (B) comply with the requirements of Subpart 42.12 of the FAR; and (C) agree in writing to the timeline and procedures specified by the responsible Contracting Officer. (2) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the CCR record to reflect an assignee for the purpose of assignment of claims (see FAR Subpart 32.8, Assignment of Claims). Assignees shall be separately registered in the CCR database. Information provided to the Contractor's CCR record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the ``Suspension of payment'' paragraph of the EFT clause of this contract.

(h) Offerors and Contractors may obtain information on registration and annual confirmation requirements via the internet at <http://www.ccr.gov> or by calling 1-888-227-2423, or 269-961-5757.

(4) Failure by the parties to agree on a final annual indirect cost rate shall be a dispute within the meaning of the Disputes clause.

(5) Within 120 days (or longer, if approved in writing by the Contracting Officer), after settlement of the final annual indirect cost rates for all years of a physically complete contract, the Contractor shall submit a completion invoice or voucher to reflect the settled amounts and rates.

(6)

(i) If the Contractor fails to submit a completion invoice or voucher within the time specified in paragraph (d)(5) of this clause, the Contracting Officer may

(A) Determine the amounts due to the Contractor under the contract; and

(B) Record this determination in a unilateral modification to the contract.

(2) The Contractor shall pay to the Government any refunds, rebates, credits, or other amounts (including interest, if any) accruing to or received by the Contractor or any assignee under this contract, to the extent that those amounts are properly allocable to costs for which the Contractor has been reimbursed by the Government. If you have complaints about this procurement, it is preferable that you first attempt to resolve those concerns with the responsible contracting officer. However, you can also protest to Headquarters, AMC. The HQ, AMC Level Protest Program is intended to encourage interested parties to seek resolution of their concerns within AMC as an Alternative Dispute Resolution forum, rather than filing a protest with the General Accounting Office or other external forum. Contract award or performance is suspended during the protest to the same extent, and within the same time periods, as if filed at the GAO. The AMC protest decision goal is to resolve protests within 20 working days from filing. To be timely, protests must be filed within the periods specified in FAR 33.103. Send protests (other than protests to the contracting officer) to:

HQ, Army Materiel Command
Office of Command Counsel
ATTN: AMCCC-PL
